OVERVIEW

Earthchild Project operates in disadvantaged primary schools in the Western Cape.

Working with children and teachers, our educational programmes focus on providing practical skills that compliment the academic curriculum.

Earthchild Project aims to inspire a new generation of confident, conscious and responsible young leaders.

“Yoga has helped me realise who I am and how to love and respect myself and my body.”

We build beautiful Earthchild Classrooms

We install and maintain large food gardens

I have grown up with ECP, and now I get to give back and teach what I have learnt. I bring my joy, positive energy and my contagious smile to ECP."
